

## Lucid Adds Hands-Free Drive Assist and Hands-Free Lane Change Assist as Next Step in ADAS / AD Roadmap

July 15, 2025

NEWARK, Calif., July 15, 2025 /PRNewswire/ -- Lucid Group, Inc. (NASDAQ: LCID), maker of the world's most advanced electric vehicles, today announced a major update to its DreamDrive® Pro suite of Advanced Driver Assistance Systems (ADAS) to deliver Hands-Free Drive Assist and Hands-Free Lane Change Assist<sup>1</sup> to its award-winning lineup of electric vehicles. These and other vehicle enhancements will be available as an over-the-air (OTA) update for Lucid Air owners, scheduled for July 30, and for Lucid Gravity owners later this year.

This marks a significant enhancement to Lucid's DreamDrive Pro system and another step to advance the company's technology roadmap overall. Lucid is significantly investing in advancing its ADAS and autonomous driving (AD) offerings as it further builds upon the capabilities of its DreamDrive Pro hardware and its in-house software stack.

The updates to DreamDrive Pro will allow customers to experience easy to use and intuitive hands-free driving and hands-free lane changes (with driver activation of the turn signal stalk) on compatible divided highways.

"The addition of these features to Lucid's DreamDrive Pro offers a glimpse into the future that Lucid is building with the impressive capabilities of our software-defined vehicles," said Kai Stepper, Vice President of ADAS and AD at Lucid. "With our in-house software stack, a comprehensive suite of 32 sensors, and regular OTA updates, we have a roadmap to continue to deliver significantly more functionality to our owners in the future."

DreamDrive Pro is an optional upgrade for Lucid vehicles featuring LiDAR, radar, visible-light cameras, surround-view cameras, and ultrasonic sensors.

### About Lucid Group

Lucid (NASDAQ: LCID) is a Silicon Valley-based technology company focused on creating the most advanced EVs in the world. The award-winning [Lucid Air](#) and new [Lucid Gravity](#) deliver best-in-class performance, sophisticated design, expansive interior space and unrivaled energy efficiency. Lucid assembles both vehicles in its state-of-the-art, vertically integrated factory in Arizona. Through its industry-leading technology and innovations, Lucid is advancing the state-of-the-art EV technology for the benefit of all.

### Forward-Looking Statements

This communication includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "shall," "expect," "anticipate," "believe," "seek," "target," "continue," "could," "may," "might," "possible," "potential," "predict" or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding plans and expectations with respect to Lucid's Advanced Driver Assistance Systems and autonomous driving technologies, capabilities and the timing of new functionalities. These statements are based on various assumptions, whether or not identified in this communication, and on the current expectations of Lucid's management. These forward-looking statements are not intended to serve as and must not be relied on by any investor as a guarantee, an assurance, or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and may differ from these forward-looking statements. Many actual events and circumstances are beyond the control of Lucid. These forward-looking statements are subject to a number of risks and uncertainties, including those factors discussed under the heading "Risk Factors" in Part II, Item 1A of Lucid's Quarterly Report on Form 10-Q for the quarter ended March 31, 2025, as well as other documents Lucid has filed or will file with the Securities and Exchange Commission. If any of these risks materialize or Lucid's assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that Lucid

currently does not know or that Lucid currently believes are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Lucid's expectations, plans or forecasts of future events and views as of the date of this communication. Lucid anticipates that subsequent events and developments will cause Lucid's assessments to change. However, while Lucid may elect to update these forward-looking statements at some point in the future, Lucid specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing Lucid's assessments as of any date subsequent to the date of this communication. Accordingly, undue reliance should not be placed upon the forward-looking statements.

<sup>1</sup> Hands-Free Drive Assist and Hands-Free Lane Change Assist are not a replacement for safe, attentive driving or a driver's judgment. Drivers should remain focused on the road and their surroundings at all times. Do not use with a hand-held device. Only use on compatible roads as indicated via an in-vehicle alert. Visibility, weather and road conditions may affect feature performance. More details and limitations will be available in your Owner's Manual. DreamDrive Pro is an optional feature.
