

Lucid Gravity Touring: The Luxury Electric SUV Designed Without Compromise, Now Starting at \$79,900

November 20, 2025

Debuting at the 2025 Los Angeles International Auto Show, November 21–30

NEWARK, Calif., Nov. 20, 2025 /PRNewswire/ -- [Lucid Group](#), Inc. (NASDAQ: LCID), maker of the world's most advanced electric vehicles, today announced the launch of the Lucid Gravity Touring, the newest addition to its groundbreaking Lucid Gravity SUV lineup. Starting at \$79,900,¹ Lucid Gravity Touring now offers Lucid's signature blend of space, performance, and efficiency to a broader audience.

Customer orders are now open, with select configurations available for immediate delivery at lucidmotors.com/available-vehicles.

"The Lucid Gravity Touring unlocks a new audience for the Lucid brand in the broad and critical SUV segment," said Marc Winterhoff, Interim CEO at Lucid. "There's not another SUV in its segment that can deliver the combination of range, interior space, and driving performance found in the Lucid Gravity Touring."

Expanding the Gravity Model Lineup

Lucid Gravity redefines the SUV category with a clean-sheet design enabled by Lucid's proprietary EV technology. Lucid Gravity Touring offers the practicality of a full-size SUV within the footprint of a mid-size, seating up to seven adults and delivering game-changing versatility.

Built on the same platform as the Lucid Gravity Grand Touring, Lucid Gravity Touring features Lucid's high-efficiency battery and powertrain architecture, advanced vehicle dynamics, and native NACS compatibility for ultra-fast charging. With an 89kWh battery pack, Lucid Gravity Touring achieves an EPA-estimated range of up to 337 miles.²

Charging is seamless with access to more than 25,000 Tesla Superchargers, thousands of Electrify America DC fast-charging connectors, and a multitude of additional DC fast-charging stations across North America. Lucid Gravity Touring can charge at speeds up to 300 kW at 1000V DC fast chargers to add 200 miles in 15 minutes. When connected to a Tesla Supercharger, Lucid Gravity Touring can charge at up to 220 kW thanks to Lucid's proprietary rear motor drive unit boost charging capability, which boosts the 500V station voltage to match the high voltage of the Lucid battery pack.

Performance Meets Lifestyle Capability

The dual-motor, all-wheel-drive Lucid Gravity Touring delivers up to 560 horsepower and accelerates from 0 to 60 mph in just 4.0 seconds. Standard air suspension and an optional Dynamic Handling Package delivers refined ride quality and agile handling.

Interior configurations include five- and seven-seat layouts with up to 120 cubic feet of adaptable cargo space in the five-seat configuration. Customers can choose from six exterior colors and wheel designs ranging from 20 to 23 inches. The standard Stealth Appearance features dark polished finishes, while the optional Platinum Appearance adds bright silver accents.

The Lucid Experience

The Lucid Gravity Touring inherits the bold design and human-centric technology of the Grand Touring, including:

- **Clearview Cockpit:** A 34-inch curved 6K OLED display, for driver visibility.
- **Lucid UX 3.0 + Over-the-Air Updates:** A software-defined experience that evolves over time.
- **DreamDrive 2 Pro (Optional):** Lucid's most advanced driver-assistance system with 32 onboard sensors.

The Lucid Gravity Touring can be configured at lucidmotors.com/configure/gravity.

Los Angeles International Auto Show

Lucid Gravity Touring will make its public debut at the 2025 Los Angeles International Auto Show, November 21–30. Attendees can experience the Lucid Gravity Touring, Lucid Gravity Grand Touring, and Lucid Air Sapphire at Lucid's South Hall activation. Demo drives will be available on a first-come, first-served basis.

Forward-Looking Statements

This communication includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the use of words such as "estimate," "plan," "project," "forecast," "intend," "will," "shall," "expect," "anticipate," "believe," "seek," "target," "continue," "could," "may," "might," "possible," "potential," "predict" or other similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding plans and expectations with respect to Lucid Gravity Touring, including its order timing and starting price, features, capabilities, equipment, options, configurations, range, charging performance and compatibility, access to the Tesla Supercharger network and Electrify America stations, plans and expectations with respect to the timing of Lucid Gravity Touring's public debut and experiences at the 2025 Los Angeles International Auto Show, as well as the promise of Lucid's technology. These statements are based on various assumptions, whether or not identified in this communication, and on the current expectations of Lucid's management. These forward-looking statements are not intended to serve as, and must not be relied on by any investor as, a guarantee, an assurance, or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and may differ from these forward-looking statements. Many actual events and circumstances are beyond the control of Lucid. These forward-looking statements are subject to a number of risks and uncertainties, including those factors discussed under the cautionary language and the Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2024, subsequent Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and other documents Lucid has filed or will file with the Securities and Exchange Commission. If any of these risks materialize or Lucid's assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that Lucid currently does not know or that Lucid currently believes are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. In addition, forward-looking statements reflect Lucid's expectations, plans or forecasts of future events and views as of the date of this communication. Lucid anticipates that subsequent events and developments will cause Lucid's assessments to change. However, while Lucid may elect to update these forward-looking statements at some point in the future, Lucid specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing Lucid's assessments as of any date subsequent to the date of this communication. Accordingly, undue reliance should not be placed upon the forward-looking statements.

¹ For U.S. customers only. Excludes tax, title, license, options, destination and documentation fees.

² When equipped with 20"F/21"R wheels and configured as a 2-row, 5-seat vehicle. Range and battery power vary with temperature, driving habits, charging and battery condition and actual results will vary.

The image shows the Lucid logo, which consists of the word "LUCID" in a white, stylized, sans-serif font. The letters are evenly spaced and have a modern, clean design. The logo is centered horizontally and vertically within a solid black square background.
